

## SYF DEFENSIVE SOLUTIONS

### Sample Package Itinerary

Our training is set up to offer you as little or as much as you want. You can simply schedule an assessment with a “Getting Started” seminar, or you can add as much class/range training as you would like. It can also be setup at various times so we can come in and do an assessment and start up training, and then once you start to build your team we can come back to do additional training.

For a church/school who want a full training package a schedule may look like the following:

#### THURSDAY

- 10am-4pm: Assessment and “Getting Started” seminar/discussion
- 6-8pm: Classroom Safety Ministry training

#### FRIDAY

- During the Day: Meeting with staff/board members
- 6-8PM: Classroom Safety Ministry training

#### SATURDAY

- 8am-12pm: Classroom Safety Ministry training and then range
- 1-6pm: Range training (or full day range training). At the same time, we can do AVERT or CRASE training.

#### SUNDAY

- Walk through during normal services
- Sunday afternoon: Master Program with experienced shooters, or we can continue with where range training left off with full team.
